Windwaker

Yah, I wake up gone with the wind  
I wake up, roll with a bitch with no clothes  
If she fakin', I'm gone with the wind  
God damn  
Yah, I wake up gone with the wind  
I wake up  
Are you fuckin' ready?

Oh, eeny miny mo  
Tag this dude with a left hook blow  
Get it on crazy street  
Run up, run up, get up, set up  
I've been ready, getting setty  
Lost my soul to the Twitter app

Yuh, I feel like I'm bad  
I feel like I'm out of control  
She sent me a message  
She said I'm her dad, I said that I already know  
Finished the dinner, straight back to get in her  
She's screaming I rocked her  
2 weeks, I blocked her  
So crazy. I'm a motherfucker

Yuh, yuh, yuh, yuh, getting fucked up  
Yuh, yuh, yuh, yuh, gonna fuck it up  
I walked in flexin' my new Yeezys, got that leg up  
She saw my shoes then came right through  
Babe, are you down to fuck? Nah  
I'm not your babe. Nuh. You're not my vibe  
I smell that blood on you a vampire in disguise, shit  
You'll never get to me, I'm stubborn by design  
I don't want no fun with you, I see the devil in your eyes

Come and throw it back  
With a nymphomaniac  
No hate! You're great, just sayin'  
Getting tired of the same old plan  
Yeah! Yeah! I want it there, there!  
Alright  
Come on over, Call of Duty  
I'm your soldier. Bring some Coke  
(Fuck it)

Ha! Aye  
In it to win it  
Feel like a badass  
Roll die  
Kill or be killed  
I drop it down like I know I die  
Feed your soul  
Getting broke  
Getting cold, ahh  
Run up, run up, get up, set up  
I've been ready, getting setty  
Lost my soul to the Twitter app

Ugh!  
In it to win it  
Feel like a badass  
Roll die  
Kill or be killed  
I drop it down like I know I die  
Feed your soul  
Getting broke  
Getting cold, ahh  
Run up, run up, get up, set up  
I've been waiting for someone to hold!

Take me away

War zone  
Ozone  
Pull it up!  
Let's go!  
Put a bitch up for some racks though, cash flow  
Unplugged  
Phone's dead  
Bed time?  
Not yet  
So much left on the internet unread  
IG handle  
Build a castle  
I'm in my zone  
With a bitch on her iPhone  
Dopamine shot  
More likes, I'm entitled  
Text, call  
Way more pixels on my desktop

I love my life when I get the bands  
Gotta make it worth while, gotta pay my mans  
This world's so cold, I'll take what I can  
Alright, shut the fuck up!
