

Glow

Windwaker

I never broke the ceiling for myself
I was shot down by the enemy
Far from where I left
Became so close to your lethargy
Playing games with cheats
I've found new codes to my energy
9 years since I felt peace
9 years since I left me

Glow, light up and glow
You came to see me grow
So watch me from below
Glow, light up and glow
You came to see me grow
So watch me, just watch me go

Glow, light up and glow
You came to see me grow
So watch me from below
Glow, light up and glow
Now I'm in control
I'm reaping what I sow

I never saw the hero in myself
I was so blind, never used to be
Caught up in defense
You were feeding my identity
Powerful intent needs no privilege
Cause it's meant to be
9 years til I came clean
9 years, now I'm hungry

20 band on the floor of my whip
Drop top hit the floor like a bitch
I'm fucked up and we playin' The Sitch
Bitch, pass me the joint 'cause I'm hitting that shit
Yeah, yeah
Gonna run it up right now
Top 10 with the new sound
Gonna run it up right now
Right now, ooo, ooo

Glow, light up and glow
You came to see me grow
So watch me from below
Glow, light up and glow
Now I'm in control
I'm reaping what I sow

I won't wait for the sunrise!

I feed the ground and I open my wings
I feel like everything is gonna change
Can I get a prayer?
Run up on that feeling
I think I'm ready for it
We're safe and sound when we feel like a mess

We bend and break in order to progress
Delete what's left
Oh, are you listening?

Glow, light up and glow
You came to see me grow
So watch me from below
Glow, light up and glow
Now I'm in control
I'm reaping what I sow

20 band on the floor of my whip
Drop top hit the floor like a bitch
20 band on the floor of my whip
