

Grey World

Windwaker

(Trapped in a grey world, in a grey)
(Trapped in a grey world, in a grey)
(Trapped in a grey world, in a grey)
(Trapped in a grey world, in a grey)

Light the way
Tunnel through the grave
We travel through the loneliness
Entangled by the roads we take
Light the way
I feel us making waves
I guess we'll never see them as the echoes are towards the fray

Fate will swallow me
Trapped in a grey world
Fate will swallow me
Trapped in a grey world, world
Trapped in a grey world

We've been mistaken in the hands of eternity
Our sadness depresses light
In an endless sea of grey
With masquerading dreams
And shallow strains
Defending all that's for those stored away

Believe in me
This uncertainty
Redeeming fate
The sun is going this way

Light of day
Reading from in space
Limitless and searching for the answers we refuse to take
Light the way
Did we confuse our fate?
We clearly never see it as we relapse in our own mistakes

(Trapped in a grey world, in a grey)
(Trapped in a grey world, in a grey)
(Trapped in a grey world, in a grey)
(Trapped in a grey world, in a grey)

Fate will swallow me
Trapped in a grey world
Fate will swallow me
Trapped in a grey world, world
Trapped in a grey world

Waste away
Travel through the grey
