

Nighthawk

Windwaker

I felt like running away
Now I'm all up in my place, like
Since the beginning, we all guess a way out
Since the beginning, we all guess a way out

Hey! Guess a way out!
Hey! Guess a way out!
Since the beginning, we all guess a way out
Since the beginning, we all guess a way out
Hey! Guess a way out!
Hey! Guess a way out!
Since the beginning, we all guess a way out
Since the beginning, we all guess a way out

Our vision is strong
We want a couple bags of money
A couple honeys a magic feeling
Our vision is strong, ooh
Damned if I do, damned if I don't
I wanted you

I gotta run with the better days
I wanted you
I gotta feel like I'm in my place
I needed you
How do you feel when nothing is real?
I feel I can't forget

Holding on, never do it again
Tell me what am I to do to fit in?

Get up, into the moment
Step up, make it your own
Get, get in it. Get, get, get in it
Get, get in it. Get, get, get in it

Guess a way out!
Guess a way out!
Guess a way out!
Hey!
Guess a way out!
Guess a way out!
Guess a way out!

I felt like running away
Now I'm all up in my place
I drank up all my feelings
So I'm feelings the better days
Lost in the crowd
But I'm ready for it now
I'm feeling steady bout it now
I feel my face lift
I'm on my way!
ARFF!

Get up, into the moment
Step up, make it your own

Get, get in it. Get, get, get in it
Get, get in it. Get, get, get in it
Get up, into the moment
Step up, make it your own
Get, get in it. Get, get, get in it
Get, get in it. Get, get, get in it

I wanted to see the way you fly
I wanted the chance to make you cry
But everything in my head is all frozen
Floating solely
Tell me what are you to do to fit in?

Yeah, ugh!
I've been away, I'm gone
Brrrrrrr-ah, let's go, go!
Do I know what path I'm on?
Let's get it going right right now
I've been away, so let it burn
Let it burn, let it burn my heart

Get up, into the moment
Step up, make it your own
Get, get in it. Get, get, get in it
Get, get in it. Get, get, get in it
Get up, into the moment
Step up, make it your own
Get, get in it. Get, get, get in it
Get, get in it. Get, get, get in it

Let's go
