

Superstitious Fantasy

Windwaker

I like the way you move
Like no one else sees you
Why can't I speak to you?
Stuck in my own head, no clue
I just want something new
In someone else's shoes
Take me from gravity
Superstitious fantasy

1, 2, 3, what's brackin'?
Light em all up
Let em know what's happening
Pistol grip pump
Let em know who's trash and
Hit ya fam up for a buck
Who's laughing?

It's like
I don't care about the law, I'm a big shot
Then turn around and make em crawl for a picture
I tie em up and make em call like a prisoner
Cigarette stains on my walls middle finger

Girl, I'm feeling committed
I played a video game
Now I'm ready to get it
Goofy smile, I'm a killer
I'm rockin' yeezy boost shoes
Probably think I'm a winner, ah, yuh!
Devil horns, oh go figure
Go get a Youtube dude
You'll get bigger and bigger, let's go

"Bro, what are you even doing, man?"

1, 2, 3, 4, 5, 6
Lead em all on
Gas em up, my side chicks
Do what I want, nothing wrong
Self righteous
Spin the whole thing
Make em feel like sidekicks

They're like
G.O.A.T.! he's a king
He's Adonis, let em know!
I'mma sting, I'mma promise
I'mma show just where I'm at
I'm on a whole different level to you clowns
Nah, I'll never run it back

I like the way you move
Like no one else sees you
Why can't I speak to you
Stuck in my own head, no clue
I just want something new
In someone else's shoes

Take me from gravity
Superstitious fantasy

I wish that I could go back
Hit a line, in my prime
Get my soul back
Spit a rhyme, make it mine
Get my flow back
Check my mind, come alive
I'm a cold hack
Wake up, fake smiles

In the room
I see you snakes from a mile
What it do?
Go on and try something slick make a move
Choppa lay em all down
I'd make a pretty thing sing
I ain't playin'

Just picture, I'm a G.O.A.T.
8 figures diabolical
Tony stark, well strapped
Keep my iron close
I wanna rock with the winners
I wanna show my commitment
I wanna feel like I'm in it
She don't believe that I'm with it

Well, god damn!
Am I frontin' a role? A fake? Stan
I just wanna control, it's god's plan
You wanna be the best, you gotta pass the test
So, run it up with the fam

I like the way you move
Like no one else sees you
(I feel like a G.O.A.T.)
Why can't I speak to you?
Stuck in my own head, no clue
(Cry back, never let me go)
I just want something new
In someone else's shoes
(Killer, killer, killer, killer, you can't control)
Take me from gravity
Superstitious fantasy

(G.O.A.T. I wish I were a G.O.A.T.
I wish I had control
I wish that everyone and everything wanted my soul!
I wish I were a G.O.A.T.
I wish I had control
I wish I were a G.O.A.T.)
Just for one moment, I would
Just for one day, I could
Vicarious detachment
If I could, then I would

Been climbing on my own
And I'm trying to get home
We'll never get to see it all, we let go
This life is bigger than us
If I could, then I would

(G.O.A.T. I wish I were a G.O.A.T
I wish I had control
I wish that everyone and everything wanted my soul
I wish I were a G.O.A.T
I wish I had control
I wish I were a G.O.A.T)
Been climbing on my own
And I'm trying to get home
We'll never get to see it all, we let go
This life is bigger than us
If I could, then I would

Yeah!

Ugh, jump back to the bone
I like the way you move
Like no one else sees you
(I feel like a G.O.A.T.)
Why can't I speak to you? stuck in my own head, no clue
(Cry back, never let me go)
Ayy ayy ayy!
I just want something new
In someone else's shoes
(Killer, killer, killer, killer, you can't control)
Take me from gravity
Superstitious fantasy
