

The Rain

Windwaker

I've been around
Yeah, it's been a minute
A good time, never had a limit
I hit the sky
Crossed the line
Made it mine
Hit a line
Did some time
Now I'm crawling deeper by the minute
I fucked up, but I made it through it
A bad time, we all have a limit
I think about it every time I wake up
I check my mind, come alive
And I'm never gonna re-live it

I've never been so alone
I'm letting go
Guess it's all my fault
You can tell me if it's all my fault
If tomorrow's yesterday
Became the one thing they could take
Energy pulls us together
And then away to see our graves

A breath of air
Then over the edge
I got a minute to spare
Before I disappear
I've been in over my head
But I'm feeling ready
So, I'm ready to go

Dark clouds begin to nestle in
The rain is warm against my skin
And as I run towards my fate
Memories all seem to fade
I'm running home, yeah
I'm moving on (Woah, oh, oh)

I've been around
Yeah, it's been a minute
A good time, never had a limit
I hit the sky
Crossed the line
Made it mine
Hit a line
Did some time
Now I'm crawling deeper by the minute
I fucked up, but I made it through it
A bad time, we all have a limit
I think about it every time I wake up
I check my mind, come alive
And I'm never gonna re-live it

A breath of air
Then over the edge
I got a minute to spare

Before I disappear
I've been in over my head
But I'm feeling ready
So, I'm ready to go

Yeah
I feel like a god with an itch
I came middle fingers and I'm gone middle fingers in the air
Wrote a few songs middle fingers in the air
And I'm gonna move on
Fucks given next to none
Because, I feel like a problem when I'm insecure
You know I'm a problem when I'm insecure
So do your worst, yeah, ayy, ayy

Get up and feed your soul
Let's kick it up a notch

A breath of air
Then over the edge
I got a minute to spare
Before I disappear
I've been in over my head
But I'm feeling ready
So, I'm ready to go

Farewell, my friend
I'll see you again
I guess we don't know where I'm going
But this isn't the end
I've been in over my head
But I'm feeling ready
So, I'm ready to go
