

## Venom

## Windwaker

Old boys back on the track with a venom flow  
Haters try to step to me, but that shit's unoriginal  
Been a little while since I said I was your miracle  
She said she love me too, but ooh, really I don't see it though

I'm the GOAT, I'm the GOAT, I'm the GOAT  
What did you say? Was that audible?  
Got it all, got it all, got it all  
I'm getting the bag when I come for y'all  
We packing the room out in front of y'all  
They throwing it back, so don't get involved  
Yo, I don't think so

I'm a rider  
If you're having trouble, make your mind up  
I've been doing me since '95, yeah  
Getting higher  
It's just the vibe, oh  
Get it, get it, get it, go

All these based boys wanna talk shit  
I'm the real GOAT, I'm the real GOAT  
I don't think so  
Got the girls flocking in, what it is  
I'm the real GOAT, I'm the real GOAT  
I'm the real shit  
All these based boys wanna talk shit  
I'm the real GOAT, I'm the real GOAT  
I don't think so  
Got the girls flocking in, what it is  
I'm the real GOAT, I'm the real GOAT  
I'm the real shit

Fuck it

Up in the air like it's CO  
Two birds over there make the trio  
Nesting in my hair, what's the deal?  
Pretty boy wanna make the flight off to treal, yo

You better pass it  
Cigarette ash on her lashes  
Making fast cash on our masters  
Knock tracks out loose while we're laughing, aye  
They wanna clap back with the bad raps, but I can't cap, gave a bad back to her  
Like a backpack, keep the thing strapped, black matte on the gat taps, keep feet moving

I'm a rider  
If you're having trouble, make your mind up  
I've been doing me since '95, yeah  
Getting higher  
It's just the vibe, oh  
Yeah, yeah, go, go

All these based boys wanna talk shit

I'm the real GOAT, I'm the real GOAT  
I don't think so  
Got the girls flocking in, what it is  
I'm the real GOAT, I'm the real GOAT  
I'm the real shit  
All these based boys wanna talk shit  
I'm the real GOAT, I'm the real GOAT  
I don't think so  
Got the girls flocking in, what it is  
I'm the real GOAT, I'm the real GOAT

Always with you  
I don't know why we all fight  
Always with you  
Forever tethered with you  
Always with you  
Life is an infinite paradise  
Always with you

Old boy's back on the track with the venom flow  
Haters want to step to me, I tell them to forget it though  
None of y'all are touching me, my style is so supremo  
But I don't think you're listening, so let me tell to you real slow

Aye  
Go  
I'm the GOAT, I'm the GOAT, I'm the GOAT  
Say that again, was that audible?  
Got it all, got it all, got it all  
We getting the bag when we come for y'all  
We packing the room out in front of y'all  
They throwing it back so don't get involved  
Yo, yo, I don't think so
