

Silence No More

Wine From Tears

Spending...All your time,
Screaming with emotion.
Defending...Your selfish lies,
It has bothered me.
Searching...Occasion to,
Deduce me from itself.
There's nothing left to say,
I declare silence now.

I don't want any silence in the room anymore,
Because my nerves are strained and I can't let it go.
I can't bear this indifference from you never more.
There's a curse between us, so this suffer is our cross.

I don't want,
To waste my life,
Finding out the reasons.

Forgiveness,
Is a piece of thing,
Which can't be in this room.
