

Broken Glass

Winger

I walk alone at night
Under the eastern sky
So many questions why
I'm feeling all this die
How our love's come to this
Slipped through our fingertips
Frozen in memories
Of everything that could have been
How can our hopes and dreams survive?

Don't know what to say
'Cause I don't wanna walk away
But this just don't feel the same
I'm crying
Don't know what to do
'Cause I'm so in love with you
And I won't believe it's true if this is dying

So many days go by
Just waiting for a sign
You might come back to me
I could see you one more time
And feel your magic touch
The one I miss so much
Still waiting for a sign
And I'll be waiting at the edge of time
This can't be our last goodbye

Don't know what to say
'Cause I don't wanna walk away
But this just don't feel the same
I'm crying
Don't know what to do
'Cause I'm so in love with you
And I won't believe it's true if this is dying

So many things I miss
Left just to reminisce
What we had together
Echoes of the past
Like broken glass
Will cut so deep forever

Oh baby, how can our hopes for this love survive?

Don't know what to say
'Cause I don't wanna walk away
But this just don't feel the same
I'm crying
Don't know what to do
'Cause I'm so in love with you
And I won't believe it's true if it's dying

Don't know what to say
'Cause I don't wanna walk away
But this just don't feel the same
I'm crying
