

# Resurrect Me

Winger

I've lived and died nine lives  
Fought wars with guns and knives  
No faith in anything  
Dog eat dog was what I believed  
Never give in without a fight  
Until it came to me one night

Then I just let go  
I concede, I can see it's me I'm killing  
What could save my soul?  
Down on my knees, set me free, I am willing

Resurrect me  
I wanna rise from the dead  
I wanna live again  
Resurrect me  
Bring me back to life  
Set me free tonight, come on

The phoenix will burn, from the ash I'll return  
Resurrect me  
Resurrect me

So many souls walking dead  
Need for glory in their head  
How many likes in their thread  
Don't even know they're so misled  
Just give me something real  
'Cause I don't care and I can't feel

From a grain of sand  
Show me the way today, I surrender  
The whole world began  
Give up control, make me whole, I live forever

Resurrect me  
I wanna rise from the dead  
I wanna live again  
Resurrect me  
Bring me back to life  
Set me free tonight, come on

The phoenix will burn, from the ash I return  
Resurrect me  
Resurrect me

Resurrect me  
I wanna rise from the dead  
I wanna live again  
Resurrect me  
Bring me back to life  
Set me free tonight

Come on, come on, come on  
The phoenix will burn, from the ash I'll return  
Resurrect me  
Come on, come on, come on

I wanna rise from the dead  
I wanna live again  
I know you'll resurrect me  
Set me free tonight

The phoenix will burn, from the ash I'll return  
Resurrect me  
Resurrect me
