

Voodoo Fire

Winger

Looking into my soul with the lights down low
And the whole world spinning insane
Rush of vertigo sends me right where I know
We'll be in the magic world you ordain

Divine blank stare
I'll say my prayers
Bow down to you

You're breathing Voodoo Fire
Sorceress of pure desire
No one could take you higher
Venus freed from the mire
Red hot electrifier
I'm burnin' in your Voodoo Fire

You could turn a priest into a beast hear me roar
While you strut through the witching hour
Dazed from a taste under your lace, I want more
I am hooked on your honey flower

You drip with flair
No one compares
My soul lay bare

You're breathing Voodoo Fire
Sorceress of pure desire
No one could take you higher
Venus freed from the mire
Red hot electrifier
I'm burnin' in your Voodoo Fire

Queen of sublime
Sacred shrine
Now you are mine
Burn me to life

Pure ecstasy
Gushin' out of me
Bow down to you

You're breathing Voodoo Fire
Sorceress of pure desire
No one could take you higher

You're breathing Voodoo Fire
Sorceress of pure desire
No one could take you higher
Venus freed from the mire
Red hot electrifier
I'm burnin' in your Voodoo Fire

I just gotta see you now
It's been too long, I miss you so
I gotta love you
I gotta love you
I gotta love you
