You're not lovable, even the way you talk is rough
Do you think there are other guys
Who will accept you besides me?
You always have it your way, you only know yourself
When I think about you,
I go crazy, please come back
When I call you, I say, "hey, you," I'm so bad
I'm doing you a favor by dating you,
Actually I'm the one who clings to you
I'm ice to you but don't be cold and avoid me
Unfreeze me my baby

I was always bad, you're foolishly nice
I was always bad, so be a little stronger
You're far from me and though it's hard to get close
I'll try to stick us together somehow

Don't love if it's not me
It doesn't suit you, though it's selfish of me
Don't go far away, I'm not there
Your love is me, though it's selfish of me

Don't forget, remember that I'm here

No matter how much I think about it
I don't know why you left
But I miss you so much
The pillow that smells like you
Our unforgettable memories, memories of you
They are still here but where are you?

Don't leave me alone
Our time has passed differently
My day felt as long as a year
You probably don't know
We innocently pinky-promised
To stay together forever
But as if you're running away
You changed your phone number (why)

I was always bad did you fall for a different love?
I was always bad I'm still standing here
Don't run away anymore
Stay within my reach, as if you've been waiting, come back
Please, come back to my heart

Don't love if it's not me
It doesn't suit you, though it's selfish of me
Don't go far away, I'm not there
Your love is me, though it's selfish of me

I can't let go of the beautiful you
Only stay by my side
I can't let go of the beautiful you
No, I don't want to, I only want you

Don't love if it's not me

It doesn't suit you, though it's selfish of me
Don't go far away, I'm not there
Your love is me, though it's selfish of me

Don't forget, remember that I'm here
