Please, say good bye

The blue sky is beautiful
But why am I becoming so insignificant and shabby
I keep holding onto the unanswered phone
The melody flowing out of the phone is sweet
But why does it sound painful to my ears
It sounds like my heart screaming after it lost you
It sounds like the melody
Is mocking my longing for you
I've been stuck in the same spot

Why now
Why now after I've been left behind
The song's sad end
I'm listening to it (why now)
Why now
You're not by my side (why now)
The song's sad story
I'm crying over it

The color ring that resembles me
Ring ring ring ring
The color ring that resembles me
Ring ring ring

Ring ring at your bed side
The ringing
Please pick up the phone
Don't make me cry too
I keep saying this is the last, last time
But I keep calling
I walk the same streets we used to walk together

It still rings in my ears, your laughter and
The late night phone calls of our love games
This melody is blocking me from hearing it again
And holding onto it
But I still heartlessly call again

The song that I hear over my longing for you
Is that the answer for me?
I've been stuck in the same spot

Why now
Why now after I've been left behind
The song's sad end
I'm listening to it (why now)
Why now
You're not by my side (why now)
The song's sad story
I'm crying over it

If I'd held your hand back then
If I'd held onto you when you turned away
I could be listening
To your voice instead of this song

If I had been better
If I had been better to you
I could be listening
To your warm voice instead of this sad song

The color ring that resembles me
As the song reaches approaches its ending
My heart starts to crumble
The color ring that resembles me
As the song repeats itself
My tears start to fall
The color ring that resembles me
As the time passes
I can't remember your voice
The color ring that resembles me
Even a single word is fine
Please, say good bye
