(Oh, you are so special)

We make it something
Tonight, us two, we can embroider the space between the brilliant stars
If you want to, tell me
Your breath, the closer it gets, it thrills me, yeah

I go especially overboard today, mousse in my hair, no no
It looks outdated so I use wax to make it look natural
The expensive clothes I hid well look good on me
There's word that the atmosphere is great
My wallet is fat, cash, check, to see you, leggo!

You make me feel so special tonight
Tonight, tonight, with you
I might burn out in a few moments but
I like it, alright

Same days, days, days, I can make it
Feel the special night, let go of yourself today
Same days, days, days, I can make it
Feel the special night, grab unto my waist

You just need to answer, yes or no
There's already a correct answer
Say, "yes" (yes) say, "yes" (yes)
Oh, as if you're crazy, make some noise
Actually, I want you
It's you (you) It's you (you)

You're probably unfamiliar with everything about me
I naturally dive into your embrace in a second
Harmoniously, we bloom

As the night deepens
We become skin scuba divers that swim into a darker place
Like the surface of the ocean in the middle of summer
Sparks are flying, anybody don't touch me

My heart is tingling, tingling
Red lipstick, I want it, baby
Your anxious eyes are dancing

I want to set fire to your heart
I'm curious about what you look like
When you can't take it and scream, yeah

You make me feel so special tonight
Tonight, tonight, with you
JINU I might burn out in a few moments but
I like it, alright

Same days, days, days, I can make it
Feel the special night, let go of yourself today
Same days, days, days, I can make it
Feel the special night, grab unto my waist

You just need to answer, yes or no
There's already a correct answer
Say, "yes" (yes) say, "yes" (yes)
Oh, as if you're crazy, make some noise
Actually, I want you
It's you (you) It's you (you)

Instead of sleep, I've fallen into you
Instead of a blanket, I want to pull you close
Tell me your honest feelings, show me your heart

That you only waited for this moment too
Same days, days, days, I can make it
Feel the special night, let go of yourself today
Same days, days, days, I can make it
Feel the special night, grab unto my waist

You just need to answer, yes or no
