

I Think You Should Leave

Winona Fighter

No I can't always be the good guy
So you won't even look me in the eye
I just wanna talk but you don't wanna listen
Saying one thing "get the fuck out" of your kitchen
Hold on let me think about it
Let me think about it
Let me think about it
Hold on if I'm wrong then

You're so God damn cold
Need control
Think you're better off alone
Hope you know I love you
But I don't really like you
Hope you know I love you
But I don't really like you
Wanna take everything
Except the blame
Hope you know I love you
But I don't really like you
Hope you know I love you
But I don't really like you

Woah I really hate to say you proved me right
You'd rather end a life than apologize
Hate me, to make me
Do this

You're so God damn cold
Need control
Think you're better off alone
Hope you know I love you
But I don't really like you
Hope you know I love you
But I don't really like you
Wanna take everything
Except the blame
Hope you know I love you
But I don't really like you
Hope you know I love you
But I don't really like you

I don't really like you
I don't really like you
I don't really like you

You're so God damn cold
Need control
Think you're better off alone
Hope you know I love you
But I don't really like you
Hope you know I love you
But I don't really like you
Wanna take everything
Except the blame
Hope you know I love you
But I don't really like you

Hope you know I love you
But I don't really like you

I don't really like you
I don't really like you
