Put me on the cover, oh, oh
Play me on the radio, oh, oh
Put me on the cover, oh, oh
Play me on the radio, radio

Have you ever knew someone? Make 'em feel like a no one
When you look in the mirror, oh, you want us to change
I was in it for so long, how could I be so wrong?
Thinking I don't deserve you, I won't survive, the life's on the stake

But now it's all over

Put me on the cover, play me on the radio
Wanna show my love that you did not let me go
Find a pretty boy to kiss in all my videos
I don't want him back but I still want him to know

Like, ooh, for all those nights I cried
There's no pain left to hide
This heart is only mine

Have you ever been lucky, dressed up looking lonely
Bump into your ex, he sent you a text, like "How are you doing?"
It's too late for slutting, for all of the hurting
And all that you earn, what you deserve, your feelings will prevent

'Cause now it's all over

Put me on the cover, play me on the radio
Wanna show my love that you did not let me go
Find a pretty boy to kiss in all my videos
I don't want him back but I still want him to know

Like, ooh, for all those nights I cried
There's no pain left to hide
This heart is only mine

Da-da, da-da-da-da
Da-da, da-da-da-da
Da-da, da-da-da-da
Da-da, da-da-da-da

And I don't want to forget
I'll sing about the day we met
But you're not over me yet
Just put me

Put me on the cover, play me on the radio
Wanna show my love that you did not let me go
Find a pretty boy to kiss in all my videos
I don't want him back but I still want him to know

Like, ooh, for all those nights I cried
There's no pain left to hide
This heart is only mine
