

# With Or Without You

Winona Oak

Feel another day pass me by  
Hear another "you'll be alright"  
They will never know  
What it's like to be me right now

When everything's falling apart  
You're the one I usually call  
What am I supposed to do  
When I'm just  
A child acting tough  
I'm a wish with no luck  
I've been trying to find a way but I get stuck

You're irreplaceable  
There's only one of you  
I don't understand  
How the world can move  
When it's missing you  
Something must be wrong  
When life goes on  
With or without you  
With or without you  
With or without you  
With or without you

I wish that I could turn inside out  
Show them what I don't say out loud  
Just enough to skip the questions

Is everybody here just pretending  
Don't they know the world just ended  
Who am I supposed to be  
When I'm just  
A child acting tough  
I'm a wish with no luck  
I've been trying to find a way but I get stuck

You're irreplaceable  
There's only one of you  
I don't understand  
How the world can move  
When it's missing you  
Something must be wrong  
When life goes on  
With or without you  
With or without you  
With or without you  
With or without you  
With or without you  
With or without you
