

## On A Lock

Winston Surfshirt

Never get to press upon you  
Forever gettin' lesser from you  
Now, ya'll, don't give a damn  
If you ever gonna come through  
Imma be the one to know too  
Now.. I.. don't give a damn  
Now I, don't.. don't give a damn

Do you, when you wakin' up  
Oil on the spot like kettle and a pot?  
You ain't so hot in the mornin'  
You ain't so hot in the mornin'  
You put the cherry on the top  
Got me on a lock  
When the penny gonna drop?  
You ain't so hot in the mornin'  
You ain't so hot in the mornin'

You ain't so dapper yourself  
Crap in the sack, flappin' a fish  
Nighttime spice it up, yo, pop and a fizz  
Mappin' the scene, seekin' to be  
The imperceptible can't be seen  
But Imma find ya  
When I do, I do ya from behind ya  
You keep flickin' if you need a reminder  
So whatever, [?] package  
Your next check says you got excess baggage

Do you, when you wakin' up  
Oil on the spot like kettle and a pot?  
I like how you know that  
You ain't so hot in the mornin'  
You ain't so hot in the mornin'  
You put the cherry on the top  
Got me on a lock  
When the penny gonna drop?  
You ain't so hot in the mornin'  
Ain't so hot in the mornin'

Yeah, notice that I don't understand understandably  
But you can see the reason for my apathy  
Lethargy, happened when you stand stock standardly  
So why don't I give a god damn 'nough to test you?  
It's the glue sniffin' O2 I'm right next to  
Next check says you need excess rescue  
Why am I tryin' to impress you?

Do you, when you wakin' up  
Oil on the spot like kettle and a pot?  
You ain't so hot in the mornin'  
You ain't so hot in the mornin'  
You put the cherry on the top  
Got me on a lock  
When the penny gonna drop?  
You ain't so hot in the mornin'  
You ain't so hot in the mornin'
