Wintersleep

All my days I wake up, open my eyes
Beneficiary of a genocide
Drive to work all day
Go to sleep at night
Beneficiary of a genocide

All of my life
I turned a blind eye
I don't know why
I turned a blind eye
All of this time
I really can't say why
I don't know why
I'm a history of violence

All my days I wake up, open my eyes
Beneficiary of a genocide
Drive to work all day
Go to sleep at night
Beneficiary of a genocide

All of my mind
I don't know where to find it
I don't know why
I'm a creature of habit
I'm a past and future (past and future)
I'm a war never ending (war never end, war never end)
But la la la
I'm an ocean of carnage (follow me)

All my days I wake up, open my eyes
Beneficiary of a genocide
Drive to work all day
Go to sleep at night
Beneficiary of a genocide

All my days I wake up, open my eyes
Beneficiary of a genocide
Drive to work all day
Go to sleep at night
Beneficiary of a genocide

Every day I wake up, open my eyes
Beneficiary of a genocide
Drive to work all day
Go to sleep at night
Beneficiary of a genocide

All my days I wake up, open my eyes
Beneficiary of a genocide
Drive to work all day
Go to sleep at night
Beneficiary of a genocide

All my days I wake up, open my eyes
Beneficiary of a genocide
Drive to work all day

Go to sleep at night
Beneficiary of a genocide
