

# Freak Out

## Wintersleep

Am I unreliable?  
Am I burning fast enough?  
We can watch our love decay  
Can you see its face?

You were freaking out  
I was part of it  
I was enlisted  
In every glass  
You were freaking out  
Kicking in the mirror  
I was sick of love  
Out of my feelings

Hoo hoo hoo hoo  
Hoo hoo hoo hoo

And there's thousands of ghosts  
And there's millions of tears they can host  
As I walk and I wander  
Pour a drink to surrender

You were freaking out  
I was part of it  
I was enlisted  
In every glass  
You were freaking out  
Kicking in the mirror  
I was sick of love  
Out of my feelings

Oh my darling's eyes have turned away  
I believe you  
But I doubt everything  
Everything

You were freaking out  
I was part of it  
I was enlisted  
In every glass  
You were freaking out  
Kicking in the mirror  
I was sick of love  
Out of my feelings

Hoo hoo hoo hoo  
Hoo hoo hoo hoo
