

## Smoke

## Wintersleep

Smoke, smoke in my body  
Smoke, smoke in the air  
Ghosts, ghosts all around me  
Ghosts, why do I care?  
Why, why do I worry  
About the things that seem to occupy nowhere?

The nowhere  
The nowhere  
The nowhere  
The nowhere that surrounds me  
Take it all  
Take it all  
Take it all  
Take it all leave it there  
Leave it there  
Leave it there  
Leave it there  
Leave it there all behind me  
Let it fall  
Let it fall  
Let it fall  
Let it fall in the air

No, just because you're not my enemy  
Doesn't mean that you're still my friend  
Just because you are not my family  
Doesn't mean that I won't be a friend

Just because  
Just because  
Just because  
Just because you don't love me  
Doesn't mean that we can't pretend  
For a night  
For a night  
For a night  
For a night tonight only  
Doesn't mean  
Doesn't mean that it has to end

Hold the lines I caught, my friend  
That I let go, I let go  
Let your fire come back again  
Hold me closer, keep me close  
All the life I led you in  
Close the window, close the door
