

Territory

Wintersleep

You can close your eyes
Pretend that you are somebody else
A territory far away
You can live your life
You can just be anybody but yourself
Floating in the universe
You can build a life
You can build a house around it
Come on close

Into the century (ooh, ooh)
You're not a factory (ooh, ooh)
You're not supposed to be (ooh, ooh) Ahh
You're not the fantasy
You've been so
A territory of anyone
(Of anyone)
You're not supposed to be
(Anybody you've been so)
You've been so
A territory of anyone
(Of anyone)

I wanna live a life
I wanna be alive in it
I don't wanna run away
I don't wanna fight
But maybe the factor you got left
Come on close

Into the century (ooh, ooh)
You're not a factory (ooh, ooh)
You're not supposed to be (ooh, ooh) Ahh
You're not the fantasy
You've been so
A territory of anyone
(Of anyone)
You're not supposed to be
(Anybody you've been so)
You've been so
A territory of anyone
(Of anyone)

You are not the fantasy
(Anybody you've been so)
A territory of anyone
(Of anyone)
You are not supposed to be
(Anybody you've been so)
A territory of anyone
(Of anyone)
