

Defiant

Wipers

Do you have some luck to spare I sure could use me some Out tim
e it rolls on so fast Let's slow it down some

Will you stay in silence Will you stay defiant Will you take th
is time and Help us all along

At a loss of thought to say The sun is almost gone Our world it
moves on thru space Do you know where we belong

Will you stay in silence Will you stay defiant Will you take th
is time and Help us all along

Do you still have love to spare Could you spare me some You kno
w it's so hard to share When it's only there for some

Will you chill in silence Will you stand defiant Will you take
this time and Help us all along
