Insane

Wipers

Well I'm spinning I'm sinking Don't know what I'm seeing Right in fron of my face A living nightmare I stand here shakin' It's shaken my cage

The ceiling has caved in The walls are shrinking now We got to get out of this place We can't win if we're always losing Are we searchin' in vain Insane insane insane insane

Well sometimes I swear I can feel you thinking Deep inside of my head It seems those things you think Can makle me fall to pieces 'Cuz it's making no sense Insane insane insane insane

I'm feeling - I'm done in My soul is sinking 'Cuz it's out of my hand I've been living in this Crazy dream world with you now But I guess I'll never wake Insane insane insane
