

# Let Me Know

Wipers

Woo

Well, something's shaking here ... No need to hide what you're  
feeling inside

I'm moving 'round, moving 'round closer to you  
I can see it through and through

Come on and tell it so You really want to know Let me know, oh  
Let me know, oh

I ... ... is what I desire  
Get around, get around you  
I would see that you feel it

Come on and tell it so You really want to know Let me know  
Let me know  
Yeah

Faces at day  
Faces at night  
Sooner or later, anytime, anywhere  
Don't be a fool  
Bleeding heart  
Get around, get around, get around  
Getting around  
You  
You

Something's shaking here ... Don't explain what you're feeling  
inside  
I get around, get around, get around you  
I can see it through and through

Come on and tell it so You really want to know Let me know, oh  
Let me know, oh  
Let me know, oh  
Let me know, oh
