

Attractive Space

Wire

The consequences are mainly underrated
Flat glasses full, the prize inflated
Sharpen the weapons of your trade
To endure, as well as you gave
Spinning often, in a trance
The surface smooth, don't take the chance

Aqua plane in torrent pelt, skid across MacAdam's belt
Was it a miracle? That's how it felt

Launch into attractive space, falling from that pure state of g
race
52 feet per sec per sec per sec per sec

To free my mind and break my neck
