

## Cheeking Tongues

Wire

Oh I what gets revealed in the inland sea  
Eels in lungs, a mystery  
Begin to pull in and out then stomachs wail  
For what went astray, for what went astray

Oh that cheeking tongue  
Oh that cheating lunge  
Were you there? Were you there?  
Were you there? Were you there?  
It's all history

Delirious vandals struggle with meters  
A cheek tango with litres  
Which fit and almost sick half track associations  
Appear on parade, appear on parade

Unrefined, the final scam  
It didn't rhyme, it didn't matter  
A soundtrack for your silence  
Insincere
