Cheeking Tongues

Wire

Oh I what gets revealed in the inland sea Eels in lungs, a mystery Begin to pull in and out then stomachs wail For what went astray, for what went astray

Oh that cheeking tongue
Oh that cheating lunge
Were you there? Were you there?
Were you there? Were you there?
It's all history

Delirious vandals struggle with meters A cheek tango with litres Which fit and almost sick half track associations Appear on parade, appear on parade

Unrefined, the final scam
It didn't rhyme, it didn't matter
A soundtrack for your silence
Insincere
