Wire

When you reach the point
Is it different enough?
Tell me what it's like when you reach the point

When you draw the line
Is it straight enough?
Tell me what it's like when you draw the line

When you go too far
Is it near enough?
Tell me what it's like when you go too far

When you've seen too much

Is it almost the same?
Tell me what it's like when you've seen too much

When you know it all
Is it really there?
Tell me what it's like when you know it all

When you've had enough
Is it just the start?
Tell me what it's like when you've had enough
