Midnight Bahnhof Cafe

Wire

Objects which merge in the dark
Voices with a peculiar ring
Silhouettes with electric random
While skin diseases itch for tomorrow

A second visit brings confidence
& a cigarette adds security
Midnight railway café
Midnight Bahnhof café

A deterioration in the weather
Casting facets, I have the photograph
A full program missing person's bureau
All of the night there's empty biros
Batten the hatches, tie down the cargo
Feeling the edge of my tongue
That's Europe at night time

Midnight railway café
Midnight Bahnhof café

Whistle softly for school admission
(Midnight Bahnhof café)
Speak slowly, re-evaluate my fears
(Midnight Bahnhof café)
Walking the same corridors as before
(Midnight Bahnhof café)
The passageway ahead is very clear
(Midnight Bahnhof café)
The carpet luscious, the plot has thickened

Midnight railway café
Midnight railway café
Midnight Bahnhof café
Midnight Bahnhof café
