Experts in paradise—religious extremism
Toxic stimulation—enforced radiation
Fail safe, cut price—quick save, quick fix
Bostik, headfix—speedy guzzle, licks lips
Signal, ratio—whores and Byrons everywhere
Reject, fundraiser—well spent parasite
Cool jerk, widow-work—punk chaser and a tango
Rich lice, avarice, brutalised and mummified
Lifeless, limelight. Ape man, keep your hair on
Ten years later, kill your poor and break them up

Rancid battery acid: fuel for dirty minds
Two-piece generator, neither art or science
Empty distillery, who's the hero tonight?
Sceptic industry, f——ed it just for spite

Flaccid cat, hairy assets, cool fur, 30, blind
Deep space simulator, needs a sex appliance
Tempted by symmetry, threw a certain dice
Septic hugging tree, sucked its crust for spit
