

Early Grave

Wisdom In Chains

I Live for you, i'll fight each day until god takes my soul away but if i fail, my family i'll trade my life for an early grave. I won't stop fighting until i,m dead and as you lay my soul away to just remember these words every single day. i'll trade my life for an early grave, death is coming fast there's nothing you and me can do. it's just a fact. but finally i found a reason to stay alive and i'll do whatever it takes to protect what's mine. i live for them i kill for them, i'll die for them, if it comes down to it. don't cry for me, I live for you. i'll fight each day until god takes my soul away but if i fail, my family i'll trade my life for an early grave. I won't stop fighting until i,m dead and as you lay my soul away to just remember these words every single day. i'll trade my life for an early grave let's just wait and see this is the last will and testament of a madman pushed over the edge by bad man, so you understand my reasons give me an early grave
