

How Far Will You Go

Wisdom In Chains

You want it.
You think it's going to set you free.
When you make it what's your next step?
Will you quit the chase?
All you ever wanted is there in your hands.
All you ever needed.
All you ever need whenever you demand.
Any way you want it. Any way you can.
The power of the people,
the power of the people at your command.
All you ever wanted is there in your hands.
All you ever needed.
All you ever need whenever you demand.
Any way you want it. Any way you can.
How far will you go?
