

I've been livin'
Outside this society
Oh yes, I have
You don't know
You don't know what lives inside of me
Oh no, you don't

There's so many things
Oh, that I wanna do
Oh, that I want you to do

Ostracized and minimized
Self-loathing in compromise
All of them I know
Stuck in this rut
Don't think any one of us will ever get out

A part of me
Is also a part of you
Oh, you
Stopped mirroring
Started growing
I don't want to help you to freedom

Grow
Grow
I climb
Climb for reason
Carry my head up high
Oh, oh

It's killing time
It's time to die, oh
This time it's real
I think I met you here
Just to hear you sing
About the water and its powers, oh

So lost and confused
So weary and long out of use
But I grow, I grow towards you
I grow, I grow towards you
