

Sad Dog

Witchcraft

Sad dog, you left this town
The torment was too much to be around
I caught a glimpse in your woman's eye
Seeing things that I wanted to see

You said that I am sad
Then you said things that I regret
How can you know
That my trip comes so slow?

I don't want to grow old
I see you circling around
Like a sad dog
Like a sad dog
I'm also
Someone
Yeah, I'm a sad dog
