With Confidence

I need your help with all of this  
I can't keep running round in circles  
Is there something that I missed  
I just can't just figure it out, figure it out  
I keep my mind away from home  
So I don't drown in desperation  
I can't keep going on alone  
Just need someone for conversation, oh oh

I need you  
(Will I amount from all of this)  
I can't go home  
(Can I amount from all of this)  
I can't go home

Is someone there  
I need your help and  
I'm on my own  
And I've been thinking  
That I'm so lost  
I'm slowly sinking  
Out on my own  
Into my thinking

I didn't want to drag them down  
I couldn't really work it out  
And even though it all went south  
I still can't figure it out, figure it out  
And I dive so deep  
Into my brain I can't sleep  
I think I'm losing all my friends  
You know the devil plays for keeps

Is someone there  
I need your help and  
I'm on my own  
And I've been thinking  
That I'm so lost  
I'm slowly sinking  
Out on my own  
Into my thinking

Is someone there  
I need your help

Is someone there  
I need your help and  
I'm on my own  
And I've been thinking  
That I'm so lost  
I'm slowly sinking  
Out on my own  
Into my thinking

(Woah)  
Is someone there  
(Woah)

I need your help  
(Woah)  
Is someone there  
I need your help
