With Confidence

When I see you again  
I'll never let you go  
When I see you again  
Tell me what you know  
I've been waiting for months  
To hear your voice once more  
God only knows what you left us for  
What you left us for

Oh, I got caught in the memories of us  
Every symbol of our trust  
And our words are drenched in dust  
Oh, and my walls are covered in your name  
Every breath is taken in pain  
And I'll never hear you speak again, speak again

I should've been your protection oh, protection oh  
I should've seen your direction oh, direction oh  
You didn't have to disappear I know how much it hurts  
With everything we could've been and everything you're worth  
I should've been your protection oh, protection oh

I keep thinking of you  
Without you I am bare  
You're the reason I'm still here  
And now you're gone  
I can't move on  
Things just don't seem clear

(You didn't have to disappear I know how much it hurts)  
Why you left us here  
(With everything we could've been and everything you were)

I should've been your protection oh, protection oh  
I should've seen your direction oh, direction oh  
You didn't have to disappear I know how much it hurts  
With everything we could've been and everything you're worth  
I should've been your protection oh, protection oh

You are more than the photos on the wall  
Hold you in our hearts so that you'll never ever fall  
We are the wind pushes you home  
Take a part of us so that you'll never be alone

You are more than the photos on the wall  
Hold you in our hearts so that you'll never ever fall  
We are the wind pushes you home  
Take a part of us so that you'll never be alone

(I should've been your protection, protection)  
You are more than the photos on the wall  
Hold you in our hearts so that you'll never ever fall  
(And I should've seen your direction, direction)  
We are the wind pushes you home  
Take a part of us so that you'll never be alone  
Never be alone, never be alone

I should've been your protection oh, protection oh  
I should've seen your direction oh, direction oh  
You didn't have to disappear I know how much it hurts  
With everything we could've been and everything you're worth  
I should've been your protection oh, protection oh  
No I should've been your protection oh, protection oh  
And I should've been your protection
