

# Paper

With Confidence

Stay with me you know it's better  
Live your life inside my sweater  
Stay with me  
Stay with me

Try to keep communication  
All your love and motivation  
Stays with me  
Away with me

And I ain't got no time or money  
And no one thinks I'm cool or funny  
And there ain't much going on  
Going on for me

Cause I've been holding on to you  
Like paper on to glue  
I'm thinking 'bout the things you're sayin'  
They ain't making sense  
But all the things you said  
Like bullets in my head  
You're driving me insane  
But there ain't nothing I would change

All this time I've tried my best to  
Stick around try to impress you  
All and then (All and then)  
I'm gone again (I'm gone again)

Break my legs in different places  
Tie me down with your shoe laces  
Hold me to the kitchen floor  
Hide the keys and lock the door

Cause I've been holding on to you  
Like paper on to glue  
I'm thinking 'bout the things you're sayin'  
They ain't making sense  
But all the things you said  
Like bullets in my head  
You're driving me insane  
But there ain't nothing I would change

Hey!

Stay with me you know it's better  
Live your life inside my sweater  
Stay with me  
Away with me

Cause I've been holding on to you  
Like paper on to glue  
I'm thinking 'bout the things you're sayin'  
They ain't making sense  
But all the things you said  
Like  
Bullets in my head

You're driving me insane  
But there ain't nothing I would change

Hey!
