

# Sing To Me

With Confidence

(Ba ba ba, ba ba bada da da)  
(Ba ba ba, ba ba bada da da)

We're flying at the speed of sound  
Two hands colliding faster now

And I just can't believe it  
(Just can't believe it)  
Everything that I needed  
(Everything that I needed)  
All things do surely fall back down  
(Fall back down)  
Fall back down  
Fall back down

Sing to me, won't you Emily  
Cause I know that time is on your mind  
But time is just a construct  
I can't wait to see all that's meant to be  
And I know the doubt is close behind  
But honestly, you're right where I wanna be

(Ba ba ba, ba ba bada da da)  
(Ba ba ba, ba ba bada da da)

Lost and then slowly come undone  
(Come undone)  
Will you wilt underneath my sun?  
(Will you wilt underneath it)  
Cause I just can't believe it  
(Just can't believe it)  
All these things that I'm seeing  
(All these things that I'm seeing)  
No, no, I'll give you everything I've got  
(Everything I've got)  
All I've got  
Take everything if you want

Sing to me, won't you Emily  
Cause I know that time is on your mind  
But time is just a construct  
I can't wait to see all that's meant to be  
And I know the doubt is close behind  
But honestly, you're right where I wanna be

(Ba ba ba, ba ba bada da da)  
(Ba ba ba, ba ba bada da da)

I see the light get darker now  
Don't breathe it in I'll push it out  
(Don't breathe it in I'll push it out)  
I see the light get darker now  
(I see the light get darker now)  
Don't breathe it in I'll push it out  
(Don't breathe it in I'll push it out)

Sing to me, won't you Emily

Cause I know that time is on your mind  
But time is just a construct  
I can't wait to see all that's meant to be  
And I know the doubt is close behind  
But honestly, you're right where I want to be

Cause I know that time is on your mind  
But time is just a construct  
I can't wait to see all that's meant to be  
And I know the doubt is close behind  
But honestly, you're right where I wanna be
