

Spinning

With Confidence

Falling somewhere in between
What I loved and wanted
Losing everything I need
Crawling to the start and
Then you came out of the dark
While the world is spinning round, round, round

Take my hand into the night
Through the bars and faces
I think it's only you and I
In between the spaces
We're magnetic from the start
While the world is spinning round, round, round

(Hoo-hoo-hoo...hoo)
So tell me where you wanna go
(Hoo-hoo-hoo...hoo)
And tell me what you wanna know
(Hoo-hoo-hoo...hoo)
I feel it deep within my bones
I'm spinning, spinning, spinning, spinning

We're going up against the tide
And I think you know it
In the morning we'll be flying
By Pacific oceans
Seven five three seven miles
While the world is spinning round, round, round

I wanna be the one to keep you warm at night
Think you're my reason for believin' things will be alright
I wanna come out and say it to you
All while the world is spinning round, round, round

(Hoo-hoo-hoo...hoo)
So tell me where you wanna go
(Hoo-hoo-hoo...hoo)
And tell me what you wanna know
(Hoo-hoo-hoo...hoo)
I feel it deep within my bones
I'm spinning, spinning, spinning, spinning

Falling somewhere in between
What I loved and wanted
Losing everything I need
Falling to the start and
Then you came out of the dark
While the world is spinning round, round, round

(Hoo-hoo-hoo...hoo)
So tell me where you wanna go
(Hoo-hoo-hoo...hoo)
And tell me what you wanna know
(Hoo-hoo-hoo...hoo)
I feel it deep within my bones
I'm spinning, spinning, spinning, spinning

(Hoo-hoo-hoo...hoo)
And anything you wanna do
(Hoo-hoo-hoo...hoo)
I wanna do it next to you
(Hoo-hoo-hoo...hoo)
I think I've finally found my truth
(Hoo-hoo-hoo...hoo)
I'm spinning, spinning, spinning, spinning

I'm spinning
I'm spinning
I feel it deep within my bones
I'm spinning, spinning, spinning, spinning
