

# Tails

With Confidence

Buckle yourself down, life is a ride  
Find a purpose, buy your time  
Know that I'm falling, falling for you  
We're all searching for some truth  
Crawling and falling, breaking apart  
This is love and I have scars  
Gave her my all, yeah, gave her my heart  
I won't be here after dark  
I won't be here after dark

I run circles while we chase our tails  
I won't fail you  
No one's perfect but we make our way out  
Every day that's new

Brace for an impact, pray for a change  
Hope your God can help your stay  
Throwing a punch now, picking a fight  
Do you sleep alone most nights?  
How 'bout this weather? Look at the sun  
Heard tomorrow rain might come  
I didn't notice, notice the fall  
I got lost between the fall  
I am lost between this all

I run circles while we chase our tails  
I won't fail you  
No one's perfect but we make our way out  
Every day that's new

'Cause I want to see this through  
And I do it all for you  
I run circles while we chase our tails  
I won't fail you

And I just can't believe it (I just can't believe it)  
All these things that I'm seeing (all these things that I'm seeing)  
Because I gave you everything I've got

I run circles while we chase our tails  
I won't fail you  
No one's perfect but we make our way out  
Every day that's new

'Cause I want to see this through  
And I do it all for you  
I run circles while we chase our tails  
I won't fail you  
No, I won't fail you  
No, I won't fail you  
No, I won't fail you

Think love and loathing's all I've got  
Sometimes I think it's all I want
