

# ANIMETAL

## Within Destruction

I'm just a witness to a world in decay  
I watch the flames paint the night in shades of gray

Where did I go wrong (go wrong)  
This is the end of the road  
Can you hold my hand  
Can you look me in the eyes  
Oh where did I go wrong

I'll scream to the sound of angry voices in my head  
Where did I go wrong  
So I'll memorize this melody cause it's all that I have left (all that I have left)  
Inciting violence  
That's all there is to fucking give

All there is to fucking give, go  
Animetal, animetal, animetal go go  
Animetal, animetal, animetal oh no  
Animetal, animetal, animetal go go  
Animetal, animetal, don't let me go  
Animetal, animetal, animetal go go  
Animetal, animetal, animetal oh no  
Animetal, animetal, animetal go go  
Animetal, animetal, here we go, here we go  
Animetal, animetal, animetal go go  
Animetal, animetal, animetal oh no  
Animetal, animetal, animetal go go  
Animetal, animetal, don't let me go

And I'm forever trapped inside  
Animetal, animetal, animetal

Where did I go wrong (go wrong)  
This is the end of the road  
Can you hold my hand  
Can you look me in the eyes  
Oh where did I go wrong

I'll scream to the sound of angry voices in my head  
Where did I go wrong  
So I'll memorize this melody cause it's all that I have left (all that I have left)  
Inciting violence  
That's all there is to fucking give

I've spoken with the man above he's gone  
Seems like it's fucked and it can't be undone (it cannot be undone)  
Take my hand, let's watch the world burn  
The only lesson I've learned  
This life is fucked and it can't be undone  
It's fucked, it can't be undone

I'll scream to the sound of angry voices in my head  
Where did I go wrong  
Take my hand, let's watch the world burn  
The only lesson I've learned

This life is fucked and it can't be undone
