Dehumanized

Within Destruction

We will never stop, we will never end
Searching for the answers that you can't comprehend
We will never break and we will never sleep
You're just a mindless flock of sheep

Follow the orders (You all are slaves)
Is this what you were designed for?

Follow the orders, this is your design
Step out of your cage and just open your eyes
Can't you see that you've been dehumanized?
Realize that they're feeding you nothing but lies

Realize that you're trapped in this system
So just open your eyes
You're just a cog in the wheel
Surrendering your freedom for complacency
You cannot escape from this hell
And the only way out is to kill yourself
God won't be there when you cry for help
Liberate, exonerate, kill yourself

We will never stop, we will never end
Searching for the answers that you can't comprehend
We will never break and we will never sleep
You're just a mindless flock of sheep

Are you fucking scared of dying, afraid of trying?
Return to this system on which you are relying
You cannot thrive, you won't survive
This is your damnation, you'll never come back alive
Don't expect to survive, you'll never come back alive
We're all trapped in this system
So don't open your fucking eyes
And the only way out is to kill your fucking self

Follow the orders, this is your design
Step out of your cage and just open your eyes
Can't you see that you've been dehumanized?
Realize that they're feeding you nothing but lies

Disassociate, this is what you've made of me
Can't you see that you've been dehumanized?

It will never stop, it will never end
Searching for salvation you will never fucking get
Disassociate
And the only way out is to kill yourself
