

No Mercy

Within Destruction

I won't bring this on myself again
I still can't comprehend how you've ever called yourself my friend
All the pain you've put me through - beneath the lies
This is the final straw - there will be no more deception
Take this to your grave no fucking forgiveness

And I will show no mercy, no remorse

Steel chain sinks into your limbs and neck
Consciousness fades away your eyes turn black
Hung from the ceiling you're suffocating
Gasping for air like a fucking bitch

You're shouting and screaming - please, don't do this
This time it's too late there will be no mercy
So shut your goddamn mouth
No one can hear you scream for your life

Kneel down and close your eyes
Now say goodnight
Close your eyes, say goodnight
Say goodnight
