

No Way Out

Within Destruction

There is no way out - no way, no way out
There is no way out - no way, no way out, no
Once the door is locked, there is no way out
There is no way out

I hear a whisper calling out my name
These are the demons crawling under my skin
They know my darkest secrets
And fulfill my every desire

There is no way out you cannot save yourself
You've come to realize I am the only friend you've got and will ever have

Unleash me, set me free
I'll take over your mind and body

I feel the rush as it's spreading
My powers immeasurable all weakness disappears
Everything you've ever wanted is on the other side of fear
And once you've crossed the line

There is no way out - no way, no way out
There is no way out - no way, no way out, no
Once the door is locked, there is no way out
There is no way out

Now I'm in desperate need of your addiction
How could you walk out on me
I'm on my knees begging for
Begging for devotion

Craving for one last fixation

I see darkness
Deceived by the yearning
I can finally see
But the doors are shut closed behind me

There is no way out - no way, no way out
There is no way out - no way, no way out, no
Once the door is locked, there is no way out
There is no way out

There is no way out - no way out

Once the door is locked there is
Once the door is locked there is no way
Sugoi
No way out
Once the door is locked there's no way out
