## Within Destruction

I knew you were trouble from the first time that I saw you  
And I know I probably should have stayed away (No shit)  
Well, I guess it's too bad that I'm attracted to destruction  
Here we go again, here we go again

Deceived, dumbfound, disappointed  
Please, don't forget about me

So just tell me if this pain remains  
It's eating me away, it's eating me away  
Can you feel it hurting?  
Does it hurt you too?  
Does it hurt you too?

Oh shit, it feels like I'm under your spell  
Mesmerized, spellbound by your curse  
And now I'm stuck in this prison you've made  
Make it go away, make it go away, make it go away

So just tell me if this pain remains  
It's eating me away, it's eating me away  
Can you feel it hurting?  
Does it hurt you too?  
Make it go away, make it go away  
It never fucking goes away  
It's tearing me away, tearing me away  
From the inside out  
It's tearing me away (Inside out)  
It's tearing me, get me out, get me out, out

Staring at your pale face  
Feeling your hands as I freeze through my skin and bones  
Can you feel the strain?  
Can you feel the flame burning from inside?  
It never goes away

Take me away to a place I belong  
Silence is the only thing that waits for us in the end

So just tell me if this pain remains  
It's eating me away, it's eating me away  
Can you feel it hurting?  
Does it hurt you too?  
Make it go away, make it go away  
It never fucking goes away  
It's tearing me away, tearing me away  
From the inside out  
It's tearing me away (Inside out)  
It's tearing me, get me out, get me out

Can you feel the strain?  
Can you feel the flame burning from inside?  
I can see your pain, you know it's all in vain  
You don't need to suffer, you don't have to fret  
Just close your eyes and walk away with no regrets
