

Let Her Go

Within Temptation

Staring at the bottom of your glass Hoping one day you'll make
a dream last Dreams come slow and they go so fast

You see her when you close your eyes Maybe one day you'll under
stand why Everything you touch surely dies

But you only need the light when it's burning low Only miss the
sun when it starts to snow Only know you love her when you let
her go

Only know you've been high when you're feeling low Only hate th
e road when you're missin' home Only know you love her when you
let her go And you let her go

Staring at the ceiling in the dark Same old empty feeling in yo
ur heart 'Cause love comes slow and it goes so fast

Well you see her when you fall asleep But never to touch and ne
ver to keep 'Cause you loved her too much And you dived too dee
p

'Cause you only need the light when it's burning low Only miss
the sun when it starts to snow Only know you love her when you
let her go

Only know you've been high when you're feeling low Only hate th
e road when you're missin' home Only know you love her when you
let her go

And you let her go, no And you let her go, no Well you let her
go, no Oh, you let her go, no

That you only need the light when it's burning low Only miss th
e sun when it starts to snow Only know you love her when you le
t her go

Only know you've been high when you're feeling low Only hate th
e road when you're missin' home Only know you love her when you
let her go

And you let her go, no And you let her go, no When you let her
go
