

Living on Fire

Within Temptation

You back against the wall
Take or leave at all
Only this lifetime
Is it what we're all?
Run or take a phone
Only this lifetime with me
With arms opened wide
Just living on fire
I lift up my head
With arms opened wide
It's all that I can
There's nothing I hate
Living on fire
Feel light on
Living on fire
With arms wide opened
Living on fire
Feel light on
Fire, fire
With arms wide opened
