

Beautiful Agony

Within the Ruins

It all started with an embrace
While ill intents were put into place
Tongues intertwined so neither dare to speak
Boiling beneath restless skin
Nerves begin to tingle
And hearts syncopate to the beat of the drum

Covetous hands cradle the flesh
Destroying the fragile, destroying the weak
Accepting the beautiful
The beautiful in agony

This is a display of true power
This is the ecstasy riddled submissive

It all started with an embrace
While ill intents were put into place
It all started with an embrace
Now staring eyes drift into space

A seductive spell cast unto
The most deviant at heart
A forceful caress causes skin to shiver
These four walls ashamed by what they've seen
But they do not have a choice
And hearts syncopate to the beat of the drum

Covetous hands cradle the flesh
Destroying the fragile, destroying the weak
Accepting the beautiful
The beautiful in agony

This is a display of true power
This is the ecstasy riddled submissive
Do it!

It all started with an embrace
While ill intents were put into place
It all started with an embrace
Now staring eyes drift into space

Oh my god
Paralyzed
Oh my god
Paralyzed
Oh my god
Paralyzed
Oh my god
Paralyzed

This is true power
This is true ecstasy

Oh my god
Paralyzed
Oh my god
Paralyzed

Oh my god
Paralyzed
Oh my god
Paralyzed
