

# Throw

Witt Lowry

They say, "oh my"  
Now he's higher than high  
He's flyer than fly  
You could probably find him up up in the sky  
Wanna reach him that'll probably take you a while  
Heh, I never  
Crazy how with time do get's better  
Want me to make it rain, heh I'm not the weather  
But I do know how to make your girl get wetter  
And she does know how to eat me up like cheddar  
I'm amazing, that's fact  
Put here a cobra right up on my back  
And I'll never fall flat 'cause me I'm well grounded  
Put my heart in this, now I'm well bounded  
But it's Friday night so I don't give a fuck  
Put my middle finger and my arms up  
Girls gon' be girls and most girls are sluts  
Fuck it is a weekend we gon' get fucked up

We gonna do what we want 'cause we don't give a fuck  
We livin' just how we want 'cause we don't give a fuck  
The night is young and we ain't young and we all livin' up  
Now make this one night to remember, throw your middle fingers up  
Yeah yeah, yeah yeah  
So throw your middle fingers up  
Yeah yeah, yeah yeah  
So throw your middle fingers up  
Yeah yeah, yeah yeah  
So throw your middle fingers up  
So if you feel like I feel  
Then throw your fuckin' fingers up

Yeah I'm overthrowing them up  
I don't give a fuck, watch me I'm livin' it up  
I like a nice small girl with a big ass butt  
I'll bring her home and make her feel like a million bucks  
Now I'm partying, all night  
And I'm hanging with the crew, feels right  
Girl says, "Come through." "All right."  
"'Cause I wanna talk to you." Nevermind  
Fuck, I ain't trying to talk  
Trying to do the thing to make you feel weak when you walk  
So I'm pitching ideas and ain't no butts  
Life is hard to give you love [?]  
But it's Friday night so I don't give a fuck  
Put my middle finger and my arms up  
Girls gon' be girls and most girls are sluts  
Fuck it is a weekend we gon' get fucked up

We gonna do what we want 'cause we don't give a fuck  
We livin' just how we want 'cause we don't give a fuck  
The night is young and we ain't young and we all livin' up  
Now make this one night to remember, throw your middle fingers up  
Yeah yeah, yeah yeah  
So throw your middle fingers up  
Yeah yeah, yeah yeah  
So throw your middle fingers up

Yeah yeah, yeah yeah  
So throw your middle fingers up  
So if you feel like I feel  
Then throw your fuckin' fingers up

Now, I am the hero, haters of the villain  
But my girl's pussy always ball like Kirllin  
Sitting on the couch laying back just chillin'  
Boutta' blast off in this bitch no ceilings  
Fuck, now we do what we do  
And I go by Witty, here we go with the crew  
Gonna stay out all night past a quarter to two  
And if you ain't with the party who the fuck are you  
I know who I am, fuck who you are  
Never waste a weekend, no holes barred  
Crew going out at least 4 cars  
Wonder where to find me shit, Mars  
But it's Friday night so I don't give a fuck  
Put my middle finger and my arms up  
Girls gon' be girls and most girls are sluts  
Fuck it is a weekend we gon' get fucked up

We gonna do what we want 'cause we don't give a fuck  
We livin' just how we want 'cause we don't give a fuck  
The night is young and we ain't young and we all livin' up  
Now make this one night to remember, throw your middle fingers up  
Yeah yeah, yeah yeah  
So throw your middle fingers up  
Yeah yeah, yeah yeah  
So throw your middle fingers up  
Yeah yeah, yeah yeah  
So throw your middle fingers up  
So if you feel like I feel  
Then throw your fuckin' fingers up
